INTRODUCTION

On the 348 rolls of this microfilm publication are reproduced the applications submitted for shares of the money that was appropriated for the Eastern Cherokee Indians by the Congress on June 30, 1906. The Eastern Cherokee applications, August 29, 1906-May 26, 1909, are part of the Guion Miller Enrollment Records that are among the records of the U.S. Court of Claims. This publication also includes a general index to Eastern Cherokee applications (two vols.).

History

Before the U.S. Court of Claims was established in 1855 there was no procedure by which claims arising against the U.S. Government could be enforced by suit. Consideration of claims was provided for when the Treasury Department was established in 1789; later acts of the Congress authorized the Department to settle all claims by or against the Government. If a claim was rejected by the Treasury Department, the claimant's only course of action was to appeal directly to the Congress. Petitions to that body for relief had become so numerous by the middle of the 19th century that the Congress was beginning to find it impossible to make the proper and necessary investigations for actions on the claims.

The U.S. Court of Claims was established by an act of February 24, 1855, to hear claims against the United States including those referred to the court by the Congress, based on any law of the Congress, any regulation of an executive department, or any contract with the Government, whether explicit or implied. Under this act the court served only as a factfinding agency, and its conclusions were submitted to the Congress for approval and for the granting of awards. In 1863 the Congress enlarged the court's jurisdiction and gave it authority to render judgments against the Government, with the right of appeal to the Supreme Court. An act of 1925 abolished appeals from the Court of Claims to the Supreme Court and substituted writs of certiorari.

An act approved July 1, 1902 (32 Stat. 726), gave the Court of Claims jurisdiction over any claim arising under treaty stipulations that the Cherokee Tribe, or any band thereof, might have against the United States and over any claims that the United States might have against any Cherokee Tribe or band. Suit for such a claim was to be instituted within 2 years after the act was approved. As a result, three suits were brought before the court concerning grievances arising out of the treaties:

On May 18, 1905, the court decided in favor of the Eastern Cherokees and instructed the Secretary of the Interior to identify the persons entitled to participate in the distribution of funds for payment of the claims. On June 30, 1906, the Congress appropriated more than \$1 million for this purpose. The task of compiling a roll of eligible persons was begun by Guion Miller, special agent of the Interior Department. In a decree of April 29, 1907, the court (1) vacated that part of its earlier decision that had given the Secretary of the Interior responsibility for determining the eligibility of claimants and (2) appointed Miller as a special commissioner of the Court of Claims.

The same decree also provided that the fund was to be distributed to all Eastern and Western Cherokee Indians who were alive on May 28, 1906, who could establish the fact that at the time of the treaties they were members of the Eastern Cherokee Tribe or were descendants of such persons, and that they had not been affiliated with any tribe of Indians other than the Eastern Cherokee or the Cherokee Nation. The decree further provided that claimants should already have applications on file with the Commissioner of Indian Affairs, or should file such applications with the special commissioner of the Court of Claims on or before August 31, 1907. Additionally, applications for minors and persons of unsound mind were to be filed by their parents or persons having their care and custody, and applications for persons who had died after May 28, 1906, were to be filed by their children or legal representatives.

In his report of May 28, 1909, Miller stated that 45,847 separate applications had been filed, representing a total of about 90,000 individual claimants, 30,254 of whom were enrolled as entitled to share in the fund--3,203 residing east and 27,051 residing west of the Mississippi River. On June 10, 1909, the court confirmed and approved the roll, submitted by Miller in his report, of Eastern Cherokees who were entitled to a share of the fund except "so much as shall be expected (excepted) to on or before August 30, 1909." After the exceptions had been filed and investigated, Miller submitted a supplemental report and roll to the court on January 5, 1910. In this report he stated that about 11,750 exceptions had been made, that the names of 610 persons (238 east and 372 west of the Mississippi) had been added to the roll, and that the names of 44 persons (5 east and 39 west of the Mississippi) had been stricken from the roll because clerical errors in enrollment had been discovered. Thus the final figure on the total number of persons entitled to share in the fund was 30,820, of which 3,436 persons

NATIONAL ARCHIVES MICROFILM PUBLICATIONS

resided east and 27,384 resided west of the Mississippi River. On March 15, 1910, the court finally decreed that the rolls be approved and that, after certain deductions for expenditures, payments were to be made equally among the Eastern Cherokees who were enrolled. The court also authorized the Secretary of the Treasury to issue a warrant in favor of each person.

In certifying the eligibility of the Cherokees, Miller used earlier census lists and rolls that had been made of the Cherokees by Hester, Chapman, Drennen, and others between 1835 and 1884. Copies of some of these rolls and the indexes to them are filed with the Miller records (filmed as M685). Other enrollment records used by Miller are among the classified subject files of the Bureau and are designated as "33931-11-053 Cherokee Nation."

Records

The applications contain sworn evidences of identity and were filed with the Interior Department's Office of Indian Affairs until April 29, 1907 (the last application was No. 22268), after which the applications were filed directly with the court. The application required each claimant to state fully his or her English and Indian names, residence, age, place of birth, name of husband or wife, name of tribe, and names of children. It further required the English and Indian names of the claimant's parents and grandparents, place of their birth, place of their residence in 1851 if they were living at that time, dates of their death, and a statement as to whether any of them had ever before been enrolled as Indians for annuities or other benefits and, if so, with what tribe. Each claimant was also to furnish the names of all brothers and sisters, with their ages and residences, and the names and residences of all uncles and aunts. Applications were required to be made under oath and to be supported by affidavits of two witnesses who were well acquainted with the applicant. With each application is a card showing final action taken and the reasons therefore. Filed with many of the applications are inquiries concerning the status of the cases, requests for further evidence, protests about unfavorable actions, form letters that had been sent by the special commissioner to the applicants as notices of rejection of their applications and returned by the Post Office Department as unclaimed, affidavits and statements of witnesses, powers of attorney, and last wills and testaments. The applications are arranged by the number assigned at the time the application was received. There are some gaps in the application numbers; these are explained on insert sheets at the appropriate places on the film. The index is arranged alphabetically by name (either English or Indian) of claimant.

Many of the files contain a cross-reference card to other applications. This cross-reference card often refers to the EX file, the report on exceptions filed by Miller on January 5, 1910.

My name is Sam P. Phillips, and I live at Ross, Okla. I am 25 years old. I claim my Indian blood through my mother, Mellie Sherrill. She died in 1884 in N.C. a young woman. My mother got her Indian blood through her father, Sam P. Sherrill. My grandfather died before I was born. He lived in Graham Co. formerly Cherokee County, N.C. I couldn't tell you just how much Indian blood he claimed, but I am sure it wasn't as much as much as 1/4. I know however that he lived among the Indians as an Indian. His Indian name was Sam Cunnyheat. I do not know of his ever getting any money from the government on account of his Indian blood. ~~My grandfather~~ After my mother's death, when I was a baby, I was raised by my grandmother, Angeline Sherrill, who was the wife of Sam Sherrill or Cunnyheat. She has been dead only a few years, and I remember her very well. I have often had her tell me that Cunnyheat was an Indian, and heard her speak of the Cherokees there in that rough country in which she lived. My mother also claimed Indian blood through her grandfather Col. Sam Thomas, who was one of the treaty men or agents or leading men who helped to frame the treaty of 1835-6.

Will you kindly favor me with a reply as to whether my application to participate in the Eastern Cherokee fund, is accepted, and if so about when the money will be paid. Perhaps you are burdened with such requests as this. The existing circumstances make this matter of the utmost importance to me. Owing to crop failure in this section, on account of a lack of rain for six months makes the question of obtaining sustenance difficult to solve. Dear Sir:

Your letter advising me of the rejection
of my application to participate in the
Eastern Cherokee fund, has been received. Owing
to the fact that it was delivered to the wrong party
it was delayed several weeks.

Mr. Mills, I have had the misfortune
to get my application up wrong and on the
wrong basis, owing to the fact that I am so
far from my people, and my witnesses were perhaps
mistaken as to the facts. Now I am thoroughly
satisfied that my application would be accepted
if I could establish the proof of my claim.
And I am confident that I am entitled, if
adoption counts. I wrote my old aunt about
the matter and this is the advice she gives:
Col. W. H. Thomas was adopted by the Cherokees

That his father lived in Tennessee in the years, 1834-35, in Green County near Bulls' Gapp. He also says his Grand-parents lived in Tennessee in the years 1834-35. They moved from North Carolina to Tennessee a short time before that date.

These parties request me to ask you to give them a chance to make things more clear in case the above is not sufficient.

Appl. #39245

May 25, 1928.

James E. Pierce,
934 Pine Street,
New Orleans, La.

Sir:

Relative to your application for participation in the Eastern Cherokee fund, please state whether you, your parents, or grandparents ever resided with the Cherokee nation. If so, state when and where. Were you, your parents, and grandparents recognized as white people, Indians or negroes in the communities in which you and they have resided?

My father has told me that you were not enrolled in 1841, and there was no one in the household in 1844-5, the living of that time. There were your grandparents on the side through which you are in receiving in 1844-5.

If your parents or grandparents were slaves, state whether they were Indians or white people.

Very respectfully,

Special Commissioner

CHB/ALS

229.
Apr. 1938.

July 31, 1938.

James Francis Pierce,
934 Pine Street,
New Orleans, La.

Sir:

On May 25, 1938, a letter was sent you from this office requesting additional information in regard to your claim to participation in the Eastern Cherokee fund. As we have never received a reply to that letter, you are requested to send us the following information at once:

1. Why were you, your parents and your grandparents, never enrolled?
2. Were any of your ancestors ever slaves? Do you pass as white or colored in the community in which you live?
3. Were any of your ancestors parties to the treaties of 1841-2 and 1845?

Give all your reasons for thinking that you are entitled to share in this fund.

Unless you can furnish the information requested above, your claim must be rejected, as the information given in your application is not sufficient to entitle you to share.

Very truly yours,

No. 39252

Alice Gee, after being first duly sworn, deposes and says:

I am 48 years of age; was not a slave. My grandmother and grandfather were both full blood and so was my mother. My mother was born in Marshall County, Tenn. I have never gotten any Indian money from the government and am not a Cherokee allotment. The Commission said the reason I did not get my land was because I was an Eastern Cherokee. My father was raised in Tennessee. My father was colored. My mother died in Tennessee. I have seen my grandparents. They were living in Marshall County, Tenn. when I saw them. This was when I was small.

deposes and says:

I am 54 years of age; was born in Cherokee County and have lived here all my life. I only know what my mother told me about my Indian blood. She said her mother was a quarteroon. I heard this when I was a boy. I never heard of Hester, the enrolling agent. Do not think my mother ever received any Indian money and never made an application for Indian money that I know of. I remember my grandmother. She lived here. Died when I was boy. My grandmother did not live with the Indians. My mother never lived with the Indians that I know of. If she did she lived with them before coming here. She lived close to the line of North and South Carolina. I have heard her speak of the line. None of my relatives ever received any Indian money that I know of.

If so, state when and where. Were you, your parents, and grandparents recognized as white people in form of register in the community in which you and they have resided?

As was the agent's answer when you claim not enrolled in 1881, and were not on the roll in 1881, and living at that time, were you ever enrolled on the roll of the Cherokee people residing in 1881-85?

If your parents or grandparents were slaves, state whether slaves of Indians or white people.

Were you, your parents, and grandparents recognized as white people, Indians or negroes in the communities in which you and they have resided?

Why was the parent through whom you claim not enrolled in 1851, and where was he or she residing in 1844-45, if living at that time? Where were your grandparents on the side through which you claim residing in 1844-45?

If you were a slave, state whether a slave of Indians or white people.

COURT OF CLAIMS
EASTERN CHEROKEES.
Rec. JUN 15 1908
No. 37312

Rafter Penn.

June the 10th -
1908

39302

Commissioner of the
Court for Claims

Dear Sir:

In response to your
request I will try
to give you the
information asked for
in letter of recent
date. I wanted to
know if I resided
within the Cherokee tribe
yes I did. I stayed
among the Indians in
Cherokee Co. N. C.
from my boyhood.

until manhood. I was
born in Cherokee Co. in
the year 1857 and
remained among them
until the year 1866-
my parents were removed
to ^{Arkansas} ~~Arkansas~~ ^{Arkansas} ~~Arkansas~~
and I went with my father
and was a white man.
My parents regretted to
leave their home and
did not in 1851
I was then living at
Hickman Tenn. at
that time my
grandparents resided in
Cherokee Co. in 1836
I am told my

great grandfather's name
was Corneski and
was a white man
I have been able to
get more evidence by
questioning the older
people than I could
when I first asked.
So it seems my
more numerous let
me know it does
ours Respectfully

Mr James M. Davis

Appln. No. 39302.

J. M. Burris, being duly sworn, deposes
and says:

My name is ~~I was born in 1837~~. J. M. Burris.
I was born in 1837. I was born in Lincoln Co., N. C. I claim
my Indian blood through my mother. My mother's name was
Margaret Bryson. She claimed through her mother. Her name
was Betsey Bryson. I don't know where my mother was born. Some-
where in North Carolina. I have been living in Tennessee about
11 years. Before that I lived in North Carolina, in Cherokee
County. I cannot tell you exactly where I was but it was in
North Carolina somewhere. My mother was about one-tenth, - so
she said. I first learned of my Indian blood when I was
nothing but a boy and I was raised with the Indian in North
Carolina. My mother said we were Cherokee. I think my
parents were living near Ducktown. I don't know why my
mother was not enrolled in 1851 unless it was through neglect.
She never got any Indian money that I ever heard of. I never
received any Indian money. My mother, I suppose, was getting
up to 50 years old when she died. My mother died in 1860.
My mother did not have any Indian name. I never claimed
any money before this time.

My Dear Sir,

Yours of the 25th was received.
Replying to your questions contained
therein I will say, first: I can't tell
positively whether or no, either of my
grandparents resided with the Cherokee
tribe. We were recognized as
negroes. The parents through whom
I make my claim knew nothing of
an enrollment in 1834. as to where
they were residing in 1834-35 I do
not know as there is no record from
which I could get the facts,
they were slaves of white people and

resided in Surry County N.C.

Mr. John Franklin Lewis.

Dear Sir:

In the matter of your claim to share in the distribution of the Eastern Cherokee Fund, we write to inform you that the Special Commissioner in charge of the matter is doing all he can to complete the roll of those who are entitled to participate in said fund.

The purpose of the Commissioner is to ascertain certain facts from the claimants, which are indicated in the questions enclosed, and the work of meeting the claimants personally, and examining them will be completed during the coming summer and fall.

Among the applicants are a large number of persons having negro blood. The Commissioner will propound a question, perhaps, to each claimant, whether he or she has negro blood, and if so, will then enquire whether the negro ancestor was a slave. Regarding such persons we are advised that the Commissioner will report unfavorably upon their applications, on the ground that a slave, having no civil or political status, his children and grand-children, and other descendants, cannot share in the fund. With this view, we have no sympathy, believing that the decree of the Supreme Court of the United States means that all descendants of Eastern Cherokees, without regard to their blood, are entitled to share in the distribution of the fund, provided their ancestors were members of the Cherokee community when the treaty of 1835 was made, and afterwards.

You will observe the questions asked, relative to the enrollment of the applicants' ancestors on the roll of 1851. You are to understand that the omission of your ancestors' names from that roll does not all exclude you from present enrollment; but if your ancestors are on that roll, it will be your duty, of course, to so advise the Commissioner, and if their names do not appear on that roll, and you know why they do not appear, to so advise the Commissioner.

It is a historical fact that when the treaty of 1835 was sought to be executed and when the roll thereunder was prepared, many of the Cherokees in the East had fled to the mountains of the Carolinas and Tennessee, and of the adjacent section, and that for that reason they were not enrolled. It is also a historical fact that when the roll of 1851 was prepared, there were a large number of Cherokees living among the citizens of the United States, in the various Southern States, and that for that reason there was no opportunity to enroll them.

Write your answers to the questions which follow and return this to us.

RBHL/VM

Yours very truly,

P. S. W. H. Leatherwood is our correspondent.

John L. Stallins again first duly sworn deposes and says:

I am 55 years of age, and was born and raised in Yadkin County, N.C. I claim Cherokee blood, I reckon. I have always heard that. I never ^{heard} that I was any other kind of Indian. I have never been enrolled as an Indian, and never received any money from the Government as an Indian. I claim Indian blood through my mother, Kazian Sizemore. My mother is 70 odd years of age, and was born and raised in this county, and, with the exception of two years in Tennessee, has lived here all of her life. This visit was after the War. She never received any money from the Government on account of her Indian blood. Her Indian blood came through her father, Isaac Sizemore. Isaac Sizemore has been dead about 30 years, to the best of my recollection. I remember him very well. He never received any money from the Government on account of his Indian blood that I know of. He lived in Yadkin County most of his life. I do not know where he was born. He was the son of old man, Dr. Johnson. I saw Dr. Johnson a time or two. My brother got his leg broke, and he attended him. To the best of my recollection, he was a low, chunky man. He wore long hair and beard, and a cap, I believe. I never heard him say that he was an Indian, that I remember. I never heard of him going away to school. I never heard that he had any brothers or sisters. I never heard Isaac Sizemore was of any parties or suits. I have always been a voter, and my grandfather, Isaac Sizemore was a voter. I have always been considered a white man in this community.
